

SaniSure®

TRANSITION™

From Stainless to Single Use Plastic Components

Engineered Single Use Solutions...Reducing Operational Cost, Improving Production Efficiency

- Clear & Opaque Material Options
- Cost Effective
- Unique Design Capabilities
- Rapid Prototype Capability
- Small & Large Lot Quantities Available
- Widespread Custom Options
- USP Class VI Approved Materials

Engineered Custom Plastic Single Use Component Fabrication

| Features | Benefits |
|------------------------------------|--|
| ◇ Non Metallic vs. Stainless Steel | <ul style="list-style-type: none"> ○ Lighter in weight ○ Excellent biological inertness; low level of extractables ○ Reduce risk of corrosion and long term degradation; no rouging in plastic ○ Excellent chemical resistance with most acids and bases |
| ◆ Design Capabilities | <ul style="list-style-type: none"> ● Endless number of custom capabilities ● Quick prototype capabilities ● Ability to supply small lot configurations as well as large ● SLA and machine prototyping capabilities |
| ◇ Material Options | <ul style="list-style-type: none"> ○ Polypropylene, PE, PVDF, Polysulfone, Fluoropolymers, Polycarbonate, PETG & other Opaque and Clear materials |
| ◆ Product Capabilities | <ul style="list-style-type: none"> ● Engineer design capabilities Hose Barbs, Sterile Connectors, Sampling Ports, Inserts, Dip Tubes, Sanitary Flanges, & Other Components |
| ◇ Service Capabilities | <ul style="list-style-type: none"> ○ Ability to supply gamma irradiated ○ Lot traceability information provided upon request |

Custom Plastic Fabrication Capabilities

Custom Assemblies or Components – SaniSure, Inc. can help to design, develop, and optimize your specific process to help improve safety, reduce labor costs, improve production efficiency and overall production costs; improving ease of implementation and speed to market. Included are a few examples of plastic fabricated components and assemblies we have provided to customers throughout the industry. Please contact SaniSure, Inc. at 1-877-777-3005 to work directly with a SaniSure representative on your specific application or process. SaniSure prides itself on the ability to understand and provide solutions to our customer's unique applications and requirements.
